

Declaration of Compliance: PFAS-Free Products and Packaging

This declaration serves to formally confirm that all products and packaging materials supplied by **Oribay Group Automotive S.L.**, are free of per- and polyfluoroalkyl substances (PFAS), in accordance with the requirements set forth by your organization and the applicable European regulations.

1. Regulatory Compliance

Our commitment to compliance reflects the standards established by the **EU Packaging and Packaging Waste Regulation (PPWR), Regulation (EU) 2025/40**. We specifically adhere to the following provisions:

- **Article 5 (Substances of Concern):** Our packaging is designed to minimize the presence of harmful substances, including PFAS.

2. Formal Confirmation

By providing this statement, we acknowledge and verify the following facts:

Requirement	Status
Intentional Addition	No PFAS are intentionally added to any packaging materials or products.
Presence/Contamination	No PFAS are unintentionally present in the materials used.
Operational Controls	Robust internal controls and supplier

Requirement	Status
	audits are in place to ensure ongoing compliance.
Regulatory Alignment	Our processes support all current and upcoming PPWR obligations.

3. Ongoing Commitment

We maintain full transparency regarding our supply chain. Should any exceptions or uncertainties arise, we pledge to disclose this information clearly and immediately for review.

This declaration is valid for the entire duration of our agreement.
